Revenue Model

Subscriptions (primary) + institutional contracts

Stream	Y1	Y2	Y3
Studio Pro subscriptions	\$180K	\$720K	\$1.40M
Enterprise / schools	\$120K	\$480K	\$960K
App Store consumer add-ons	\$60K	\$240K	\$480K
Total revenue	\$360K	\$1.44M	\$2.84M

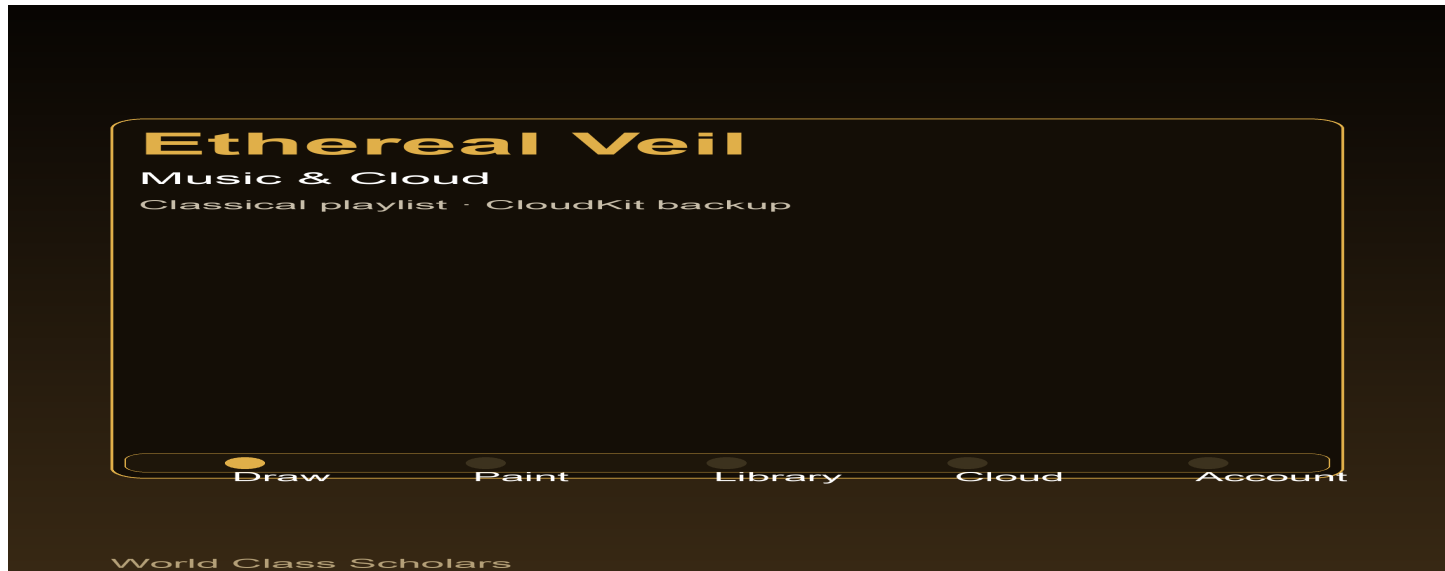

Pricing: \$4.99/mo or \$39.99/yr. Apple retains 15-30% after year one. Enterprise priced per-seat \$8-15/mo for 50+ seat contracts.

Financial Projections (Base Case)

35% YoY paid subscriber growth after Y1

Metric	FY26	FY27	FY28
Paid subscribers (EOY)	3,000	12,000	28,000
Blended ARPU / month	\$4.99	\$4.99	\$5.49
Gross margin	78%	80%	82%
Operating expenses	\$280K	\$520K	\$780K
EBITDA	-\$120K	\$410K	\$1.10M
CAC (blended)	\$2.40	\$1.90	\$1.50
Monthly churn	8.0%	6.5%	5.0%

Assumptions: 5% free-to-paid conversion, 40% annual plan mix, organic + education channels. Sensitivity: at 2% conversion Y3 revenue ~\$1.1M; at 8% conversion ~\$4.2M.

Use of Funds

Seed extension target: \$750K

- 40% - Engineering (Android exploration, collaboration, AI assist brushes)
- 25% - Growth & App Store optimization (ASA, creative campaigns)
- 20% - Content licensing & expanded royalty-free music catalog
- 10% - Compliance, security review, accessibility (WCAG)
- 5% - Operations & customer success for Enterprise pilots

Milestones (12 months)

- M1-M3: App Store launch, 1K paid subs, 3 school pilots
- M4-M6: iPad marketing push, 5K subs, first Enterprise contract
- M7-M12: Break-even EBITDA, 12K subs, Series A readiness
